Miscellaneous Items continued

The foundation at the garage door is rebated so that the door sits down on the driveway to prevent wind/rain driving under door. However, there may be a 5mm gap at side/ground level of door, but this will not be a weather tightness issue.

Russell Properties Ltd reserves the right to alter the specifications and plans to allow for spatial impracticalities including but not limited to, shower types/sizes and vanity types/sizes.

PLEASE ALSO CONFIRM THAT YOUR AGENT HAS SHOWN YOU A COMPLETED OR NEAR COMPLETED HOUSE BUILT BY RUSSELL PROPERTIES LIMITED SO THAT YOU ARE FAMILIAR WITH THE SPECIFICATION.
